- Stethoscopes

Ready to Use Wipes Disinfectant Cleaner & Deodorizer formulated with

Rescue™ Disinfectant Wipes clean by removing tough soils such as dirt, grime, mold, mildew, blood, urine, and fecal matter. Rescue™ Disinfectant Wipes reduce odor-causing bacteria, leaving surfaces smelling clean and fresh. Its non-abrasive formula is designed for use on hard, non-porous surfaces associated with non-food contact countertops, cages, kennels, animal equipment, and devices found in animal housing facilities. Rescue™ wipes provide an easy, convenient and effective way to improve your patient turnover times.

Faster Superior speed of disinfection, proven to deliver superior kill performance against a broad-spectrum of organisms in only 30 seconds to 1 minute.

Cleaner One-Step Cleaner Disinfectant with powerful surfactants (detergents) simplifying sanitation of animal environments, saving time and money.

Responsible Designed to be easier on surfaces, people and animals. Users are not exposed to VOC's (volatile organic compounds) and does not require any use of PPE.

Sustainable Hydrogen peroxide breaks down into water and oxygen reducing environmental impact, and improving the environment for animals and the people who care for them.

Compatible Designed to be compatible with a wide range of materials, protecting your assets.

Rescue™ helps to ensure a Fear FreeSM environment by eliminating harsh chemical odors that trigger fear, anxiety and stress for pets and pet owners during veterinary visits. Virox Animal Health™ is a proud partner of Fear FreeSM, developed by Dr. Marty Becker, VetFolio and the American Animal Hospital Association.
